Wrexham University Student
Voice Forum Meeting

Coffee Session

Wrexham University Student Voice Forum Meeting

On 8th July 2025, the Wrexham University student representatives from the degree and MBA programmes met up with the faculty staff for the Student Voice Forum Meeting that is held once every term to provide a platform for students to raise concerns, provide feedback, and influence decisions related to their academic and general university experience, ultimately aiming to improve the student experience. The meeting also welcomed the newly appointed degree and MBA student representatives.

A significant highlight of the meeting was the presentation of Certificate of Appreciation to Jiang Lu, a student representative from the MBA programme for her commitment and representing her peers.

Coffee Session

Casual Kopi Session for students from ADGBM, ADHM, PDBM, and PDHT.

During the session, we discussed various issues, including the rise in scams, the importance of class attendance, how a "Barring Letter" can impact students' learning journey, their preferences for school activities, and the progression path to earning a bachelor's degree.

The conversation was casual, letting students openly share their concerns, experiences, and ask questions without any hesitation. We look forward to organizing more of these sessions in the future to continue supporting our students in their growth academically and professionally.
